Turning the tide of library closures

Lisburn Road Library underwent an extensive refurbishment last year. Maintaining and developing cultural and educational activity in South Belfast serves the whole of our society and I will continue to support and promote these projects.

Addressing the neglect and decay

Sandy Row and surrounding areas are in need of urgent investment and development in order to bring jobs, decent housing and effective services to the local community. This will be a priority for me in the inner Botanic area.

Creating a safer South Belfast

As Vice Chairman of the South Belfast Policing Partnership I will continue to work to secure safe communities for everyone. Together we can reduce crime and increase quality of life for all.
